

We had a lovely day together, meeting old friends and making new ones. The above pictures were taken during the daytime get together and group healing session.

The below Pictures were taken during the evening disco, what a fantastic social evening, full of fun, laughter and dancing, meeting some of those that could not make the daytime sessions.

Paul during his Changing Times talk, and Margaret doing the Astrology Workshop
Both were fantastic and much enjoyed by all that attended
Sorry I didn't get any pictures during the Shamanic Journey but I was away on the journey myself

Caption Competition

The committee really enjoyed looking through the photos of the get together during our last meeting, and when we saw the picture below we all thought it would make a great caption competition, so if you think you can come up with a good and witty caption for what Margaret and Paul are saying in this photo, please send it to Tracy Webster (See who's Where for address) and we will print some of the best answers In the next issue.
