

Healing Testimonial

This is an extract from a letter passed on to us from Paul L , a lady came to him primarily for a reading. The healing was given separately, after the reading, for a few minutes.

“Dear Mr L

My name is Anna Finn, Daphne Lowe recommended me to you. Thank you so much for healing my back pain. I am absolutely amazed at how much better I feel. After our session you asked me if there were any health issues. I told you my back was very sore, or hard to get up and down. **You** put your hands on my back and then blew in to it. You told me I would feel better. **Well** I didn't realise it for a two days ... and then I did not feel the pain of getting up or down. But while I was sitting and reading I felt soreness in my lower back. When I finally looked at it I saw a terrible bruise in that area ... as it receded, the pain decreased. I do **not** have any pain now getting up at all. It is truly **AMAZING!** I do know you think that is normal but everyone I know thinks it is truly amazing.”

Thank you Paul for passing this letter on so we can share it with our readers, I am sure they will find it interesting to read. It is always very uplifting to receive such positive proof of the healing work.
